

# Yan Oi Tong Allan Yap Kindergarten

## 2017-2018 School Outings and Activities Notice

(17-09-03)

Dear parents,

To be more effective in teaching and learning, we will visit various nearby destinations, such as the nearby playgrounds, parks, bus stations, coinciding with the themes, so that children can experience the real life by observation and exploration. Besides, the outings provide a more interactive way in learning that help children to become motivative and curious, hence, to cultivate the self-exploration and self-learning attitude. For the nearby outings, there will be no notification for parents while for the further away outings, we will notify you.
